## ANIMATRONIK-BRUSH

**You asked yourself how to put a make-up on silicone pieces without the use of harmful products (e.g. Toluol)?**

**We have the answer to this problem!!!**

Animatronik-Brush is a 1-component silicone which is not dangerous to health and very easy to use – a big help for working with silicones.

Mix this product with 40 – 50% together with a solvent (e.g. Silibond-Thinner) and you can use your Airbrush System for working with Animatronik-Brush.

- 1-component-silicone → very easy to use
- airbrush able (mix it with a dissolver)
- colour able with silicone colours (Blond & Braun)
- useable for face masks as well – not harmful

**Animatronik-Brush (310 ml)**  
Art. Nr.: 1040018

**€ 18,67**

(without tax and shipment)
